### **Recruitment Updates:**

#### **Discovery Days 2022 date changed to Tuesday, March 29**

Discovery Day is our biggest recruitment event for high school students grades 10-12 and will take place on **Tuesday, March 29, 2022**, from 9 am - 2 pm PST on a virtual event platform called Pheedloop. The platform provides students with some fun ways to engage, including live student chats and sessions, and gamification (more on this to come). The event will be hosted by VIU Student Ambassadors and will focus on the student experience while still giving attendees lots of opportunities to explore our programs and services. **Students will get the most out of the event if they are able to log in individually from a computer.** We will also host Parent Sessions that evening from 5 - 7 pm PST for parents interested in learning more about supports and services VIU offers such as financial aid and student housing.
